Job Objective

A motivated and detail-oriented graduate eager to start a career in data analysis. Proficient in data analysis tools such as Microsoft Power BI, Tableau, Microsoft Excel, SQL, and Python. Seeking to apply my analytical skills and problem-solving ability to provide valuable insights and support decision-making in a dynamic organization.

Education

- Pursuing Master of Computer Application, Mumbai University, 2024-26
- Bachelor of Science Information Technology, Mumbai University, 2021-24 with 8.90 CGPA

Technical Skills

- Data Analysis Tools: Microsoft Excel (Power Query, Power Pivot, PivotTables, XLOOKUP), SQL (queries, joins), Microsoft Power BI, Tableau, data modelling and building interactive dashboard
- Programming Languages: Python (Pandas, NumPy, Seaborn, Matplotlib)
- Databases: SQL, MySQL
- Other: ETL, Data Cleaning, Data Visualization

Certifications

Data Analytics course with Python, SQL, Microsoft Power BI & Microsoft Excel – [Anudip Foundation]
03-September-2024 to 21-January-2025

Project

- **Python-MySQL-Integration:**
  The DmartReady Online Store Analysis is a comprehensive data-driven project aimed at understanding the operational, financial, and customer behavioral patterns of DmartReady, an online retail platform. The analysis leverages SQL and Python to extract, transform, and analyze large datasets, providing valuable insights into sales trends, customer demographics, product performance, and operational efficiency.
- **Covid-19_Power BI Project:**
  This project aims to provide a comprehensive analysis of COVID-19 cases, death and vaccination rates globally, as reported by the World Health Organization (WHO). Understanding these metrics is crucial for assessing the pandemic's impact and the effectiveness of vaccination campaigns.

Extra Curricular Activity

Tata Data Visualisation: Empowering Business with Effective Insights Job Simulation on Forage - January 2025

- Completed a simulation involving creating data visualizations for Tata Consultancy Services
- Prepared questions for a meeting with client senior leadership
- Created visuals for data analysis to help executives with effective decision making

Deloitte Australia Data Analytics Job Simulation on Forage - February 2025

- Completed a Deloitte job simulation involving data analysis and forensic technology
- Created a data dashboard using Tableau
- Used Excel to classify data and draw business conclusions

Language

English, Hindi, Marathi
